CIVIL AND MILITARY STATION, BANGALORE,

MUNICIPAL OFFICE.

DATED 7TH MARCH 1922

FROM

T. A U S T I N

ESQ., I. C. S.,

President, Municipal Commission,

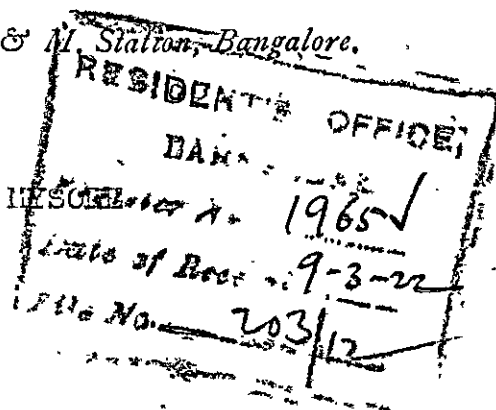

C. & M. Station, Bangalore.

TO

THE SECRETARY TO THE

HON'BLE THE RESIDENT IN RESIDENCE

BANGALORE.

SIR,

216
26/21
S. 25 With reference to your memorandum No. 10115, dated the 22nd November 1922, communicating copy of memorandum No. 3095, Est. B. dated the 10th November 1921 from the Secretary to the Government of India in the Foreign and Political Department, regarding a Permanent Veterinary Hospital in the Station, I am desired by the Commission to refer you to my letter No. 1078, dated the 15th September 1921 on the question of the jurisdiction of the Standing Finance Committee over the station revenues and to request that the Hon'ble the Resident may be pleased to consider whether ^{on} a decision in that matter being reached the present question (Veterinary Hospital) could not be re-opened.

2. I enclose a copy of the Commission's resolution dated the 31st January 1922 on the subject for information.

I have the honour to be

Sir

Your most obedient servant,

21/3/22
FOR PRESIDENT
MUNICIPAL COMMISSION
CIVIL AND MILITARY STATION
BANGALORE

I.S.
7-3-22

7-3-22

Abstract of proceedings of an ordinary or special meeting of the Municipal Commission for the Civil and Military Station of Bangalore held at the Mayo Hall at 8-15 a. m. on ~~Tuesday~~ the 31st January 1922

367=19, Permanent Veterinary Hospital.

Recommended that the Hon'ble the Resident be referred to letter No. 1078, dated the 15th September 1921 on the question of the jurisdiction of the Standing Finance Committee and be requested to consider whether on a decision in that matter being reached the present question could not be re-opened.

The President remarked that the Commissioners who were present at the meeting in September 1921, would remember that they had sent a lengthy communication dealing with the financial aspect of a permanent hospital and had asked for decision on two points (1) to what extent Government would help the Commission in meeting the capital expenditure required? (2) to what extent would Government meet the recurring expenditure? The Resident had recommended these proposals to the Government of India, who in reply had sent the following communication:—

"The Government of India recognise that the object is an excellent one, but regret that in view of the acute financial stringency, is not possible to approve of the proposal, as the work is not imperatively necessary".

The question now was what should be the next move on the part of the Commission. The Commission could not take up a heavy responsibility like this on its shoulders without the help of Government. This scheme, as well as other schemes would have to be held up pending a reply from the Government of India on the general question of financial jurisdiction but the temporary hospital would of course be carried

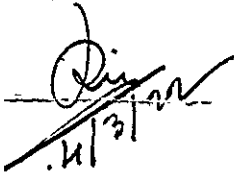

Resolution = Recommendation of the standing committee accepted

FROM

THE HON'BLE Mr. W. P. Barton, C.S.I., C.I.E.,
RESIDENT IN MYSORE.

TO

The Political Secretary to the Government of India,
Foreign and Political Department.

Dated Bangalore, 20 October 1922

S u b j e c t.

Construction and maintenance of a permanent veterinary hospital in the Civil and Military Station of Bangalore.

SIR,

5. 26
203-12
I have the honour to refer to your Memorandum No. 3095-
Est.B., dated the 10th November 1921, in which it is stated
that, while the Government of India recognise that the provi-
sion of a civil veterinary hospital in the Civil & Military
Station is an excellent object, they regretted that in view of
the acute financial stringency it was not possible to approve
the proposal, as the work was not imperatively necessary.

2. I venture to reopen the question in view of the fact
that a veterinary hospital is urgently needed in the Station.
The temporary hospital now in use is quite unfitted to deal
with the increasing demand for veterinary assistance which is
in the Station & Tract. The budget estimates of the Assigned
Tract for 1923-24, which have already been submitted to the
Government of India, show that a surplus of about 6½ lakhs is
anticipated during the ensuing year. It will thus be seen
that ample funds are available for the construction and equip-
ment of such a hospital next year.

5. 27
203-12
3. It was pointed out in Colonel Knox's letter No. 8781,
dated the 6th October 1921, that the Madras Government bore,
in the case of veterinary dispensaries and hospitals maintained

7

by local bodies, the whole initial cost of building and equipment. That Government has since decided to relieve local bodies altogether of the obligation of maintaining veterinary institutions from the 1st April 1922: Vide paragraph 7 of the Madras G.O. No.927 L. & H., dated the 23rd May 1922. In Madras City there is a large veterinary hospital which is maintained by the Madras Government and not by the Madras City Corporation. In the circumstances I consider that the cost of constructing and equipping a suitable hospital in the Civil & Military Station may very well be regarded as coming within the scope of ordinary administrative needs and be charged to the revenues of the Assigned Tract. The Municipal Commission of the Station express their readiness to meet half the recurring charges. The balance may be debited to the Assigned Tract Revenues

4. The capital cost of the scheme is now estimated at Rs.60,000/- and half the recurring charges at Rs.4,000/- per annum and provision to that extent has been made in Part II-B of the Assigned Tract budget estimates for 1923-24. I would request that the Government of India may be pleased to approve in principle the present proposal to construct a Veterinary Hospital and to allow the budget provision made for the purpose, to stand. A revised detailed scheme will be submitted for the consideration of the Government of India shortly.

I have the honour to be,

Sir,

Your most obedient servant,

(sd) C. Flower

SIR,

Construction of a Veterinary Hospital for the Civil and Military Station,

S.34 As desired in para 2 of your memorandum No.1746
203-1912
dated the 26th February 1923, I have the honour to forward,
herewith, for submission to the Government of India, a revised
detailed scheme for the construction of a Veterinary Hospital in
the station. The scheme consists of the following works:-

Name of work.	Amount of Estimate.
(1) Construction of an administrative block.	Rs.2,856/-
(2) Construction of a dressing shed for cattle	Rs. 497/-
(3) Construction of an Operation shed	Rs.1,495/-
(4) Construction of loose horse boxes for- 12 animals.	Rs.4,405/-
(5) Construction of sheds for 12 cattle.	Rs.4,716/-
(6) Construction of an Isolation ward and mortuary.	Rs.1,733/-
(7) Construction of two blocks of twelve dog kennels, each at Rs.2,982 each.	Rs.5,964/-
(8) Construction of Syces quarters for 4 syces.	Rs.2,931/-
(9) Construction of Veterinary Inspector's quarters.	Rs.6,854/-
(10) Construction of a Compound Wall and gate.	Rs.4,515/-
(11) Converting the oil godown into two quarters for Veterinary Assistants.	Rs.2,900/-
(12) Constructing gram boiling shed and store room.	Rs.1,413/-
(13) Constructing shoeing shed.	Rs.331/-
(14) Levelling grounds and constructing culverts.	Rs.2,583/-
(15) Constructing sewers and sanitary fittings.	Rs.5,447/-
(16) Providing lights and filtered water supply.	Rs.2,500/-
(17) Electric device for destroying dogs.	Rs.500/-
(18) Shifting electric poles on Railway Feeder road.	Rs.563/-
(19) Two trevisses at Rs.297/- each.	Rs.574/-
(20) Two treviss sheds at Rs.368/- each.	Rs.736/-

Total Rs.53,513/-

*
Lump sum
provision
at estimates

2. Detailed estimates and plans for each of the works mentioned above which were approved by the Commission at an ordinary meeting held on the 31st May 1923 are enclosed. A section of 16" to a mile map of Bangalore showing the proposed site for the Hospital, and a survey plan of the site, are also enclosed. The site selected has been approved by the Residency Surgeon. The Municipal Commission prefer to build on this site, rather than to acquire, as originally proposed, the site of the present temporary hospital. The work can be taken in hand at once and completed in a year.

Copy of resolution will follow.

* flag S.

3. The area of the land on which it is proposed to construct the Hospital is $2\frac{3}{4}$ acres. It is centrally situated, but nine-tenths of it is low ground, and the remainder is uneven and contains several outcrops of rock. If residential quarters were to be built on the site, the land would be worth at least Rs.8,000/- per acre, but it would cost at least Rs.5,000/- to level and construct the necessary retaining walls, so that Rs.17,000/- may be taken as a fair price for the $2\frac{3}{4}$ acres. The old oil godown on Railway Feeder road, belonging to the Municipality, which is to be converted into quarters for Veterinary assistants is valued at Rs.8,000/-, calculated at a plinth area rate of Rs.2-8-0 per sq. ft., and the site is worth Rs.1,000/-. The total cost of all the Municipal lands and houses to be taken up for the Veterinary Hospital will thus amount to Rs.26,000/-.

4. Schedule rates have been provided in the estimates for all the buildings, but the actual cost of construction will probably exceed the estimated cost by about 5% or Rs.2,675/-. The figure is based on actual experience on other works.

5. In view of the fact that the Municipal land and buildings, which are to be included in the scheme, are worth

worth about Rs.26,000/-, it is submitted that the Hon'ble the Resident will be pleased to move the Government of India for a grant towards the equipment of the Hospital of, at least, the excess above actual expenditure on the Rs.64,000/which the Government of India have so kindly provided in this year's Budget.

I have the honour to be,

Sir,

Your most obedient servant,

Doshi

⁴
✓
20/6

16 of the Municipal Commission
Proceedings of an ordinary meeting, date 31/5/23.

47. Plans and estimates for the construction of a veterinary Hospital.

Site, Plans, and estimates recommended,

The President said that the Government had provided Rs.64,500 in the current year's budget for this work, and they had been asked to submit detailed plans and estimates of the scheme contemplated.

The Standing and Special Works Committee had gone into the question of the most suitable site, and had approved of the one at the corner of Broadway and Railway Road. The original idea was to acquire the present buildings, but the site now selected was the best available, and it shall be borne in mind that there was already a Military Veterinary Hospital at the south end of the town. The cost would be Rs.53,500 including lighting, water supply, and the necessary buildings.

Resolved that the plans and estimates prepared by the Engineer for the construction of a veterinary hospital be approved.

7. " do " two blocks of twelve dog kennels each, at Rs.2,982/- each.		5,964
8. " do " Sycees' quarters for 4 sycees.		2,931
9. " do " Veterinary Inspector's quarters.		6,854
10. " do " Compound wall and gate.		4,515
11. Converting the oil godown into two quarters for Veterinary Assistants.		2,900
12. Constructing gram boiling shed & store room.		1,413
13. Constructing shoeing shed.		321
14. Levelling grounds and constructing culverts.		2,585
15. Constructing sewers and sanitary fittings.		5,447 x
16. Providing lights and filtered water supply.		2,500)
Lump sum provision. 17. Electric device for destroying dogs.		500)
No estimates. 18. Shifting electric poles on Railway Feeder road.		563)
19. Two treviscos at Rs.297/- each.		574
20. Two trevisc sheds at Rs.368/- each.		736
Total.		53,513

3. Detailed estimates and plans for each of the works mentioned above have been approved by the Municipal Commission and are forwarded. A section of 16" to a mile map of Bangalore showing the proposed site for the hospital and a survey plan of the site are also enclosed. The Municipal Commission prefer to build the hospital on this site, which belongs to them, rather than to acquire, as originally proposed, the site of the present temporary hospital. The Municipal Commission state that the work can be taken in hand at once and completed in a year.

4. The area of the land on which it is proposed to construct the hospital is $2\frac{1}{2}$ acres. Its market value is Rs.17,000/-. In addition the old oil godown on the Railway Feeder Road, belonging to the Municipality, which is to be converted into quarters for veterinary assistants, is valued at Rs.8,000/- calculated at a plinth area rate of Rs.2-8-0 per square foot and the site is worth Rs.1,000/-. The total value of all the Municipal lands and houses to be taken up for the Veterinary Hospital will thus amount to Rs.26,000/-, and they will be given free by the Municipal Commission.

5. It is stated that the proscribed schedule rates have been provided in the estimates for all the buildings, but that the actual cost of construction will probably exceed the estimated cost by about 5 per cent or Rs.2,675/-. The figure is based on actual experience on other works. The difference between the amount of Rs.64,000/- provided in the current year's budget of the Bangalore Assigned Tract and the actual expenditure on the buildings will be utilised towards the purchase of the requisite equipment.

6. It would be a convenience if the orders of the Government of India could be communicated to me as early as possible.

I have the honour to be,
Sir,
Your most obedient servant,

Sd/ H R L Coker.

SIR,

Construction and maintenance of a Veterinary
Hospital in the Civil and Military Station, of
Bangalore.

With reference to the correspondence ending with

539 this office letter No.Gt/24/148A-1919 dated 19th July 1923,
on the above subject, I have the honour to invite a reference

Pages 6-13 of to my U/6 note No.1096 dated 2nd October 1922, and the -
note. Health Officer's note forwarded therewith, and to request you
to be so good as to let me know whether the Government of -
India have considered the question of providing for the
recurring maintenance charges of the Veterinary Hospital.
The sum of Rs.64,000/- sanctioned by the Government of India
would meet only the cost of construction and equipment of the
proposed Hospital. It is now for consideration whether on
the basis of the Madras Government G.O.No.927 L.& M., dated
23rd May 1922, which relieves local bodies altogether of the
obligation of maintaining Veterinary Institutions, the -
Government of India will be pleased to give a grant to the
Commission to meet the recurring expenditure, which is
estimated at Rs.8,000/- a year.

I have the honour to be,

ENCLOSURES.

SIR,

I have the honour to invite a reference to the correspondence ending with your letter No.1333/203/1912 dated 9th February 1924. It is seen from para 3 of your letter No. 8174/293-1912 dated 20th December 1922 that the proposal was for a Veterinary Hospital built, equipped and maintained by Government on the lines of the institution maintained by the Government of Madras at the Presidency Town; Whereas in ^{the} Proceedings of the Resident dated 10th September 1923 the whole amount of Rs.64,000 was ordered to be paid to the President of the Municipal Commission and this office authorised the payment on 27th September 1923. I shall be glad to know whether the Municipality is acting only as an Agent to Government for constructing the Hospital or whether the money has been paid as a grant-in-aid to the Municipality. If the latter, I shall be obliged if you will kindly refer me to the orders of the Government of India modifying the original arrangement to have the Hospital as a Government institution.

I have the honour to be,
Sir,

Your most obedient servant,

Deputy Accountant General

CIVIL AND MILITARY STATION, BANGALORE,
MUNICIPAL OFFICE.

DATED 10th July 1924.

T AUSTIN . ESQ., I. C. S.,

President, Municipal Commission,

C. & M. Station, Bangalore.

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

SIR,

I have the honour to forward, herewith, for favour of orders of the Hon'ble the Resident, a copy of the Commission's resolution No.179, dated the 28th June 1924, in which they have decided to advertise for an experienced Veterinary Officer on a salary of Rs.200/- with free quarters to be in charge of the New Veterinary Hospital. This resolution was passed by the Municipal Commission when the question of sending Mr. M. R. Chengeri, Veterinary Inspector, who is at present in charge of the Veterinary Hospital to Bombay on deputation to undergo a post graduate course at the Bombay Veterinary College, in order to gain more varied professional experience as well as in administrative detail before he was placed in independent charge of the Hospital, came up before them for consideration, with the following recommendation of the Standing Committee:-

"Recommended that Mr. Chengeri be granted nine months study leave in order to undergo a post-graduate course in the Bombay Veterinary College, and that he be granted the privilege leave to which he is entitled, and an allowance of Rs.50/- per mensem during furlough.

"Recommended that, on return, Mr. Chengeri be posted in charge of the Veterinary Hospital on probation for six months, as Superintendent"

2. Prior to the opening of the temporary Veterinary

P.T.O.

240

Hospital in July 1919, Mr. Chengeri was mainly doing the duties of Slaughter House Inspector along with minor Veterinary work such as inspection of milch cattle, dogs in the pound, and other animals. Mr. Chengeri was appointed as Veterinary Inspector on Rs.100/- and a cycle allowance of Rs.10/- per mensem on the 1st May 1911. He was confirmed in his appointment with retrospective effect from the date of his original appointment and his pay was raised to Rs.120/- per mensem plus Rs.5/- cycle allowance with effect from the 1st November 1911 on the understanding that when the proposed Veterinary Hospital was opened he would take up the work on Rs.150/- per mensem. When the temporary Hospital was started on the 1st July 1919, Mr. Chengeri was given an allowance of Rs.30/- per mensem for hospital work, thus making his pay Rs.150/- per mensem. During the revision of the salaries of the Municipal establishments effected in 1920, the pay of Mr. Chengeri was regraded to Rs.125-5-175 plus a motor cycle allowance of Rs.20/- per mensem, and he was permitted to draw Rs.165/- (including hospital allowance) with effect from 1st April 1920. The motor cycle allowance was raised to Rs.30/- per mensem in 1921. From the 1st April 1922, Mr. Chengeri has drawn Rs.175 plus Rs.30 motor cycle allowance per mensem. From the 1st July 1919, when the temporary Veterinary Hospital was started, up to the 26th May 1924, when a new man was appointed for the Slaughter House work on Rs.75-5-100 plus Rs.5 cycle allowance, Mr. Chengeri has looked after the hospital, as well as the Slaughter Houses' Inspection work. His work in the temporary hospital has been satisfactory. Mr. Chengeri is a graduate of the Bombay Veterinary College.

Post
RS
150.10/-
241

215-16
+ 203/4

264 + 3/8
267 1/8

3. The reasons which led the Commission to pass the resolution which is now submitted to the Resident, was, that Mr. Chengeri has not had sufficient experience to be in charge of an up-to-date institution like the new Veterinary Hospital, and that, even if he underwent the post graduate course, that would not make him fit for the post. While I agree entirely

that Mr. Chengeri does not at present possess the requisite experience to be in charge of the new Veterinary Hospital, I think that the Commission might have given him a chance of proving his fitness or otherwise by sending him on deputation to undergo a post graduate course, and then appoint^{ing} him for six months on probation to hold independent charge of the hospital as suggested by the Standing Committee, in consideration of the fact that he has served the Commission for 13 years, and that his work in the temporary Veterinary Hospital has not been unsatisfactory. If during the probationary period Mr. Chengeri were found incompetent, he could be reverted to his permanent post of Slaughter House Superintendent. I attach copies of the opinions formed by Messrs F. J. Richards, A. R. Cox, and T. J. Tasker of Mr. Chengeri's work as recorded by them in his Service Register.

4. As the question of Mr. Chengeri's future position and the emoluments to be given to him, in case the Commission's resolution which is now being submitted to the Resident is given effect to, is to come up before the Commission at the end of the current month, I request that the Hon'ble the Resident will be pleased to pass early orders on the matter.

I have the honour to be,

Sir,

Your most obedient servant,

Austin

Very Urgent

46

No. 6022.
203-1912.

From

A. N. L. Qater, Esq., I.C.S.,

Secretary to the Resident in Mysore.

To

The President,
Municipal Commission,
Civil and Military Station, Bangalore.

Dated Bangalore, the 30th July 1924.

APPOINTMENT OF AN OFFICER TO TAKE CHARGE OF THE NEW
VETERINARY HOSPITAL.

Sir,

S.52

With reference to your letter No.T.431, dated the 10th July 1924, I am directed to state that Mr. Watson observes that Mr. Chengeri has 13 years approved service under the Commission and has been in charge of the temporary hospital for five years without any serious complaint as to his competence. In these circumstances Mr. Watson thinks that it would be fair to give him the opportunity of proving his fitness to take charge of the larger institution as recommended by the Standing Committee. I am therefore to suggest that the Resolution No.179 dated the 28th June 1924 be referred back to the Municipal Commission for reconsideration. The Resident doubts whether the Commission would be able to get a senior and experienced Veterinary graduate

for

for Rs. 200/-, per mensem.

I have the honour to be,
Sir,
Your most obedient servant,

Sd. A. N. L. Carter.

Veterinary Hospital.

S. S. With reference to your letter No. 6022/203-1912, dated the 30th July 1924, on the above subject, I have the honour to state that, at their ordinary meeting held on the 28th August 1924, the Municipal Commission approved of the recommendation of the Standing Committee to send Mr. M. R. Chengeri on deputation to Madras to undergo a post graduate course at the Madras Veterinary College, and to post him to the charge of the new Veterinary Hospital on probation for twelve months after his return. A copy of the Municipal Commission's resolution No. 179 dated 28th August 1924 is enclosed for information.

I have the honour to be,
Sir,
Your most obedient servant,

T. Austin

Resolution of the Municipal Commission dated 28th August 1924.

---:0:---

179. Letter No. 6022/203-1912 dated the 30th July 1924 from the Secretary to the Resident in regard to the appointment of an Officer for charge of the New Veterinary Hospital.

The Standing Committee reaffirms its previous resolution dated the 20th June 1924, with the proviso that the post graduate course may be taken in Madras and that the probationary period be fixed at 12 months.

Resolved that Mr. Chengeri be granted nine months study leave in order to undergo a post graduate course in the Madras Veterinary College, and that he be granted the privilege leave to which he is entitled, and an allowance of Rs 50/- per mensem during furlough, and that, on return, Mr. Chengeri be posted as Superintendent in charge of the Veterinary Hospital on probation for 12 months.

No. T. 431/24

CIVIL AND MILITARY STATION, BANGALORE,
MUNICIPAL OFFICE.

DATED 14th January 1925.

SENTS O. FROM

BANGALORE

329

of Receipt 16-1-25

203/12

To

T. B. RUSSELL, ESQ., I. C. S.,
President; Municipal Commission,
C. & M. Station, Bangalore

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

SIR,

sl. 56a

sl. 56

I have the honour to state that consequent on the grant of nine months study leave to Mr. Chengeri, Veterinary Inspector, to enable him to undergo a post-graduate course under the Municipal Commission's resolution No. 179 dated the 28th August 1924, forwarded with this office letter No. T. 431/198-1910, dated the 29th August 1924, Mr. R. Town, a retired Instructor of the Bombay Veterinary College, was appointed Veterinary Inspector in charge of the New Veterinary Hospital on a salary of £ 125/- per mensem plus £ 30/- carriage allowance, on probation for three months with effect from the 25th September 1924 (afternoon). The Health Officer now reports that Mr. Town is unable to perform operations owing to his advanced age; but is attending to the general management of the Veterinary Hospital in a satisfactory manner with the assistance of the Veterinary Assistant Mr. Royle who has good all round practical knowledge though he is not a passed candidate. Mr. Chengeri will return about the end of June 1925 and it has not been found possible to get a qualified graduate of experience for this short period though the post has been advertised. I have therefore approved of the Health Officer's suggestion that Mr. Town be retained for

the next six months. He will exercise general supervision over the Veterinary Hospital, and attend the Hospital during the mornings at the usual hours. I propose that he be given a pay of £ 100/- a month - his services being terminable by one month's notice on either side - and that the balance of £ 25/- out of his present emoluments be given to Mr. Royle (whose substantive pay is £ 50/-) as special pay owing to the additional work and responsibility which will devolve on him. I have satisfied myself after personal visits to the Hospital that this is the best arrangement possible in the circumstances. Mr. Town's previous experience of similar work in Bombay is useful and Mr. Royle is well able to do the practical work under his supervision. I request the sanction of the Hon'ble the Resident to these proposals under Rule 9 (25) of the Fundamental Rules - the arrangements to take effect from the 26th December 1924.

I have the honour to be,
Sir,
Your most obedient servant,

PRESIDENT, M.C.

To

The Secretary to the Hon'ble the Resident in Mysore,
B a n g a l o r e.(Grant towards the upkeep of the Veterinary Hospital
of the Station Municipality.)

Sir,

In reply to your letter No.1099/203-1912 dated 7-2-25, enquiring whether the Hon'ble the Resident is competent to sanction the grant of Rs.4,000/- on account of the above Institution, I have the honour to state that the proposals contained in the Hon'ble the Resident's letter No.8174/203-1912 dated 20-10-22, which were approved by the Government of India in principle were for the payment of half the recurring charges estimated at Rs.4,000/- per annum.

Further in the final proposals of the Hon'ble the Resident made in his letter No.5876/203-1912 dated 25-7-23, no mention was made of this recurring payment. In these circumstances, as well as in view of the fact that the amount in question is in excess of the monetary limit prescribed in Rule 64 of the Bill of Financial Powers, I am of opinion, that the sanction of the Government of India is required for the payment in question.

I may suggest that when addressing the Government of India for sanction, it may be made clear that the amount payable is half the recurring charges subject to a maximum of Rs.4,000/- which I presume is what is intended.

I have the honour to be,

Sir,

Your most obedient servant,

NMS.

Pay and Accounts Officer.

Subject:- Veterinary Hospital.

(Code word for telegrams.)

Sir,

I have the honour to invite a reference to the correspondence ending with your Memo.1099-A., dated the 30th August 1923, sanctioning the construction and maintenance of a Veterinary Hospital in the Civil & Military Station, Bangalore:

2. In para.4 of my letter No.8174, dated the 20th October 1922 it was stated that half the recurring charge of the hospital would amount to Rs.4000/- per annum. When the final proposal was submitted to the Govt. of India with my letter No.5876, dated the 25th July 1923, it was mentioned that the difference between the amount of Rs.64,000/- provided in the Bangalore Assigned Tract budget estimates for 1923-24 and the actual expenditure on the buildings would be utilized towards the purchase of

Building grant Rs.60,000/-
Recurring grant for the maintenance of the hospital. = Rs. 4,000/-

64,000/-

the requisite equipment. The Government of India sanctioned this proposal. The President, Municipal Commission, Civil & Military Station, Bangalore, has now requested that the sum of Rs.4000/- provided in the current year's Bangalore budget under the head "34 - Agriculture - Grant-in-aid, etc. - Veterinary charges - Contribution to the Municipal Commission, Civil & Military Station, Bangalore for maintenance of a Veterinary Hospital (Recurring)" may be paid to him. The Pay and Accounts Officer, Bangalore, who was consulted in the matter is of opinion that as the amount in question is in excess of the monetary limit prescribed in rule 64 of the Book of Financial Powers the sanction of the Government of India is necessary.

3. In the circumstances I would request that the Government of India may be ~~pleas~~ pleased to sanction a grant-in-Aid of Rs.4000/- per annum to the Municipal Commission, Civil & Military Station, Bangalore with effect from the year 1924-25 on account of the maintenance of the Veterinary Hospital in the Station

Veterinary
Hospital.

② As regards draft II, I believe that in Madras
the recurring as well as non recurring expenditure
in such cases is now wholly borne by Provincial
revenues. If no information is available here
please consult Collector on the point.

Id. T.P.
27/8/22

③ Please see s/s 21, 22, 24, 26 & 27 File
203 of 1912 Mr Jasker estimated the
cost as follows:-

9.21
203/12

Cost of acquiring site — Rs 25000
Cost of building — " 20000
45000

S. 1, - E. P. B. - 7-1920, - 10,000.

Annual maintenance charges Rs 4520.

we asked the Govt of India ⁴ to sanction grants as follows

For acquisition of site	Rs 12500
building	" 20000
	<u>32500</u>

Half of annual recurring cost - 2,260

The Govt. of India recognised that the object was an excellent one but owing to financial stringency would not sanction the proposal.

When Mr Zaker sent up his proposals he stated that the practice in the Madras Presidency was for the Govt to meet the whole of the ^{first} cost and half the recurring cost of veterinary dispensaries & hospitals.

In para 9 of his letter no Q.T. 32, however Mr Austin

of 10th July 1922, says that the

Madras Govt has decided to relieve

local bodies from April 1922

altogether from the obligation of maintaining veterinary institutions.

This is so - vide para 7 of Madras

G.O. no 927 L & M, of Dec. 23. 5. 22.

But the position of Bangalore is different. It will be seen from

S. 22
203-12

Margin for
binding not
to be written
on.

S. 24
203-12

para 7 of
S. 21 7 203/12

tes-continued

para 7 of Pl: 21.7.203/12, in

the Madras Presidency veterinary relief is mainly a branch of Agriculture. In Bangalore it is not so, and what revenue is derived in the shape of taxes on horses, bullocks, dogs &c. or as hackney carriage fees is appropriated by the Municipality. Agriculture is hardly benefited. It is therefore for consideration whether the grants suggested in Pl 22.7.203/12 are not adequate.

ad
3/9

(4) In coming up to 97 India I think we might again consider both from them & from the P.W.D. the same. The P.W.D. might be asked to give us the information as to the same time it might be asked to state what the

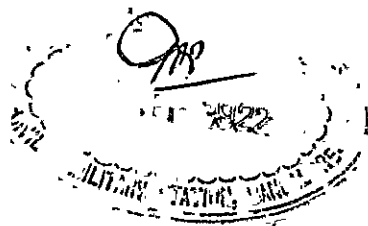

actual cost of acquisition with
 to be seen to have been...
 paid at 25,000/- - 14,076
 and 33,000/- Also the
 for grants or originally applied
 for in S. 22 may stand.

20-3-22

3: 9: 22

Margin for
 binding not

 on.

The President Muni Comm (4/0) 107037
 no 1096
 2-4-22 4-9-22

Secretary.

2 In Madras City there is no Municipal (5)

Veterinary Hospital: a big one is
 maintained by the Madras Government
 for educational purposes

3. I estimate the cost of acquisition
 at Re 25,000 - for the site and
 existing buildings. The construction
 of a new Hospital with quarters
 for the staff, and up-to-date
 equipment, will cost not less
 than Re 30,000.

Recurring charges are estimated at
 about Re 8,000 (including full-
 time staff, medicines, diet etc.)
 At the present on receipts

+ Rs 5000/- for
 equipment
 or Rs 6000/-
 to

margin for
binding not
to be written
on.

Notes-continued

7
Average, Re 2,500 per annum and
we anticipate about Re 1500 per
annum from a proposed new tax
on race-horses. So we would
be grateful for an annual grant of
Re 4,000 to meet half the
recurring charges.

Dustin

HEALTH OFFICER'S REPORT.

SUBJECT.

Revised Scheme for a Veterinary Hospital for the
Civil and Military Station.

Acquisition of Land & Buildings at Oosoor Road.

The whole of this block as also the building and land facing Langford Road have to be acquired so that the staff may be provided with quarters in addition to accommodation for the treatment of -- animals. The Deputy Collector's valuation was about Rs.15,000/- excluding the outside buildings. Mr. Tasker put in Rs.20,000/- for the land and buildings which are now in use. The outside buildings and land may be worth about Rs.5000/- at the most but it is not known if this is included in the Deputy Collector's acquisition statement.

We could safely put down Rs.25,000/- for acquisition of the hospital buildings, land and the outside block facing Langford Road. The present stalls and outhouses are of no value excepting the Mangalore tiles and jungle wood. Only the front rooms and the building facing Langford Road are built of better material.

For the reconstruction of an up to date hospital we would require about Rs.30,000/-. This was

Margin for
binding not
to be written
on.

the figure put up by Mr. Tasker. The initial cost would be Rs.55,000/- for buildings; and equipment charges and provision for ambulance would be about Rs.5000/-. This would bring the total initial outlay to Rs.60,000/-.

The maintenance charges have to be based on the assumption that a full time Veterinary Officer should be employed with suitable subordinate staff. From experience gained during the past 3 years I am of -- opinion that the functions now combined in one appointment should be separated, namely, Veterinary Hospital work and Slaughter House Inspection and general duties. There is enough work for two Veterinarians. In the Civil and Military Station, Bangalore we have a very large number of dogs, milch cattle, horses etc. needing constant attention if preventive medicine with regard to Veterinary science is to be worked on -- up to date methods.

The idea of the Municipal Commission was to have one large up to date Municipal Veterinary Hospital in the southern area at the present site. For the north it was suggested to have a small Veterinary Dispensary should there be any necessity. This would cost -- Rs.10,000/- approximately.

The Staff for Veterinary Work may be reorganised as below:-

I. One 2nd Grade Veterinary Inspector for Slaughter Houses who could be deputed for duty at the proposed Veterinary Dispensary in the northern area.

Salary Rs.80-5-120 with free quarters and cycle allowance Rs.5/-

This official will be a full time worker and no private practice should be permitted.

Margin for
binding not
to be written
on.

Notes—Continued.

II(a) One 1st Grade Veterinary Inspector for the Municipal Veterinary Hospital on Rs.125/- to Rs.175/- with free quarters plus motor cycle allowance of Rs.30/-

The duties of this official will be

- (1) Hospital work
- (2) General Veterinary work
- (3) Inspection of Municipal Pounds.
- (4) Inspection of Hackney animals
- (5) Assisting the local S.P.C.A. in Court Work

(b) Assistant to the Veterinary Inspector - 40-1-50 plus Rs.5/- cycle allowance.

(c) Compounder and Dresser Rs.30-1-40.

(d) Bill Collector and Clerk Rs.35-1-30.

(e) Syce Attendants -

1 at Rs.18/-	}	..	Rs.45/-
1 at Rs.15/-			
1 boy at Rs.12/-			

1 sweeper Rs.12/-

The whole staff will live in free quarters provided on the premises.

III. Medicine and Diet Charges:

These along with contingency charges would amount to about Rs.3,500/- per annum. Capital Charges for instruments etc. Rs.500/-

The recurring charges as now proposed would be Rs.7,644/- per annum omitting the cost of establishment for Slaughter Houses Duty and for the 2nd Veterinary Dispensary.

Staff for the Main Veterinary Hospital:

(1) Veterinary Inspector	Rs.305/-
(2) Assistant	55/-
(3) Compounder and Dresser	40/-
(4) Bill Collector and Clerk	30/-
(5) Syces & Menials	57/-

Rs.387/-
per month.

1. 8. Rs. 7075 per annum, Rs. 7075/-

Add Contingencies, Medicines, Diet
and Capital Charges Rs. 3000/per annum
Total Rs. 7644/ per annum

Margin for
binding not
to be written
on:-

Under receipts, we could expect an average of Rs. 2,500/- per annum from fees etc. If a Shoeing Forge is attached we could get an additional income of about Rs. 1,000/- after deducting expenses.

The Municipality is now spending Rs. 3500/- per annum and the receipts average Rs. 2250/- per annum leaving a deficit.

In most District and Provincial Veterinary Hospitals of the Bombay and Madras Presidencies the respective Governments have been giving grants varying from $\frac{1}{2}$ to $\frac{3}{4}$ of the maintenance charges and as per G.O. No. 927 L & M. 23rd May 1922 (Government of Madras) from 1st April 1922 these bodies have been fully relieved of maintenance charges for Veterinary Hospitals.

Our request may be based on this G.O. of the Madras Government. The Civil and Military Station has a large animal population consisting of over 6000 cattle and an estimated number of at least 5000 dogs. These figures are exclusive of animals in military areas.

Our Municipality is already spending about Rs. 2000/- on dog destruction measures and are also contributing a grant of Rs. 600/- per annum to the Pasteur Institute of Southern India at Coonoor. Further during occasions we have spent fair amounts for antirinderpest campaigns. Our request to the Government of India for financial assistance will have to contain (1) Grant of Rs. 60,000 for Initial

Expenditure
1921-1922
Rs. 3463-3-2

Receipts
1921-1922
2289.

Margin for
binding not
to be written
on.

Notes—Continued.

outlay - i.e. acquisition, new buildings and fittings. If a 2nd Veterinary Dispensary for the northern area is decided on we would require Rs.70,000/-. (2) Grant of annual recurring charges estimated at Rs.8000/- in round numbers or excluding estimated receipts of Rs.3,500/-, of a sum of Rs.5,500/- per annum.

S.22
203-12

Please see from para 1 supra
In October 1921 we addressed the Govt of India
on the subject of the Veterinary Hospital for the States
and requested them to provide a sum of
Rs 34,760 as follows:-

For site	Rs 12,500. (half of cost of Rs 25,000)
" building.	20,000
" 1/2 the annual net recurring charges	2,260
	<u>34,760.</u>

As the Municipal Commr estimated the cost of the acquisition of the site for the proposed Hospital at Rs 25,000, we asked the G. of India for half its cost, viz Rs 12,500. The whole cost of the building and equipment, viz, Rs 20,000, was asked for since in the Madras Presidency the Govt bear the whole initial cost of building and equipment. It was estimated that the recurring charges of maintaining the hospital including the medical staff, the cost of medicine and diet, etc would amount to Rs 4520 per annum. So, we asked for half the recurring charges, viz. Rs 2260 per annum in accordance with the practice in the Madras Presidency.

The Madras Govt have since decided to relieve local bodies altogether of the obligation of maintaining veterinary institutions from the 1st April 1922.
Vide para 7 of the Madras G.O. No 927, dated the 23rd May 1922.

The cost of the acquisition of the site is now stated to be the same amount, viz., Rs 25,000.
But the cost of the building of the hospital has been raised to Rs 30,000 and a sum of Rs 5,000 is also required for equipment.

15
The net cost of the recurring charges is calculated to amount to Rs 4,000 a year.

margin, adding not be written on.

Hence the sum that will be required is as follows:-

For site	Rs 25,000
" building	30,000
" equipment	5,000
" recurring charges	4,000
	<u>64,000.</u>

Submitted for orders as to whether the C. of S. may be requested to provide a sum of Rs 60,000 in the budget for 1923-24 for the Veterinary Hospital in the station. One of this amount Rs 4,000 is recurring, this amount has been included in the statement of new charges in the budget for 1923-24.

C.R.S.
4/10/22

(7)

It will be seen from para 10

of Sl 21 Mr. Dasker seems to
203-12

have put the cost of the building at Rs 20,000/- and said that the municipality had certain equipment. Now the cost of the building is put down at Rs 30,000/- and equipment is to cost Rs 5,000/-

The municipal maintains Encl VI to charges (including establishment) S. 21, 203/12
were estimated in 1921 to

amount

amount to Rs 4530/- made up
as follows:-

Total charges	6030
Receipts	1500
net charges	4530

Now the total charges are put down
at Rs 3000/- in round figures
and receipts at Rs 4000/-. So the
net charges now come to only
Rs 4000/-

Some explanation seems required
of the great increase in the capital
cost of building & equipment.
Mr Tasker probably wanted to
construct just what was required to
meet the requirements of a few years
only. On this point perhaps the
P. M. C. may be asked (u/o) to give
some explanation for submission
to the G. of I. This must be done
as quickly as possible so that the
Govt. of India may consider the

The question before the budget.

(8)

Please see the foregoing
notes from para 1 and the
various papers referred to therein.
It will hardly be denied, that
a decent satisfactory veterinary
hospital is required in a
place the size of Bangalore. The
present temporary hospital is
a wretched place & quite unsuitable
for the work, which is calling to
be done in the station, and there
is no other place where members
of the civil population can
send their animals for treatment.
The practice in horses is
referred to in the letter by Messrs
Cly. There is a good veterinary
hospital. The doctor is much
the capital outlay is heavy
and we have already suggested
the construction of buildings
for the Collector & D.S.P. at
a cost of Rs 64,300 and have
made provision in the budget.
I can't help thinking that a
veterinary hospital is a matter
of greater public need than the
construction of the buildings
referred to. There are also schemes

111

Letter N. No 24, dated the 5th June 1923,
from the President, M.C.

S. 35.

The A. of D. were addressed in the
matter on the 22nd October 1922 and they
have sanctioned the provision of Rs 64,000
in the Assigned Trade Budget for 1923-24.

15

S. 30

S. 33.

A revised detailed scheme has to
be submitted for the consideration of the A. of D.

The cost of the building is estimated
at Rs 53,513. and it is stated
that the actual cost of construction
will probably exceed the estimated cost
by about 5% or Rs. 2675.
So the total cost may come to Rs 56188.
Therefore a sum of Rs 7812 will be left
out of the provision of Rs 64,000 this year.

Para 7 of L. U.

Para 5

It is said that the total cost of
all the Municipal lands and houses
to be taken up for the Veterinary Hospital
will amount to Rs 26,000.

Para 4 of L. U.

It is not stated

Issued no. 4852 of 22nd June 23.

Letter no. 91-24, dated the 4th July 1933,
TUSA-1934
from the President, Municipal Commⁿ,
Cmty, Bangalore.

please

Please see paras (16) & (17) of these notes
thru.

The total cost comes to Rs 56,188 for
buildings + Rs 10,000 for equipment
or Rs 66,188 in all, showing an excess
of Rs 2,188 over the allotment viz. Rs 64,000.

The President has not stated whether
he would meet the excess from other sources.
That is, from 'Petty Construction & repairs - Rs 8,00,700'
under '33- Public Health'. Therefore the
Govt of India have to be asked for an
additional grant of Rs 2,188 or Rs 2,200 in round figures.

Draft to the Govt of India ruled for approval.

Whate
7/7/25

I don't quite understand a
position. Govt. made a grant
of 64,000 for the hospital.
The preliminary estimated cost of
site. The R.C. has an
estimate. The Construction
is estimated at Rs 53,513.
The cost of the site is
Rs 10,000. The total cost is
Rs 63,513. The Govt. has
allotted Rs 64,000. The
excess is Rs 487.

Margin for
binding not
to be written
on.

It seems: only problem.
G of I have been very liberal
in making a large grant for a
hospital. They may object
to giving any further. They might
also object to the commission
members of persons' accounts
submitted. In my view of the
probable course of some of the
commissioning of: a) - a
but - a drawback - (1) (2) (3)
is a list in the commission. The
the bar of 2000. Then the
commission and they must keep
expensive with the grant.
They ~~will~~ ^{will} not find it
very difficult.

The A. of D. have been informed that the
difference between the amount of Rs. 64,000
sanctioned by them and the actual expenditure
on buildings will be utilized towards the
purchase of the requisite equipment.

S. 40
(Para 5).

The President asks whether on the
analogy of Madras G. O. No. 927-1000, dated
the 23rd May 1922, the A. of D. will give a
grant to meet the recurring expenditure
of Rs. 8,000 per annum.

^ 2

Submitted for orders.

CAS.
16/8/23

As will be seen from para 5
in page 6 of these notes the
veterinary hospital building was
expected to cost Rs. 60,000 and
the establishment Rs. 8000/- a year.
The receipts from fees & ware

(22)

Notes-continued anticipated to amount to Rs. 4000^{2.5} a year. So the Austro wants Govt. to contribute Rs 4000/- a year for the cost of establishment.

S. 30 Accordingly we asked G. of I. for permission to enter Rs 64000/- in the budget for 1923-24. The

S. 33 Govt. of India made the necessary provision i.e. Rs 64000/-. The whole of this amount will be utilised now in building & equipping the hospital. The G. of I. have

S. 40. been informed accordingly. It seems that ^{regards} the budget for 1924-25 we can enter Rs 4000/- in the special statement of new charges with an explanatory note as above. It is perhaps unnecessary to trouble the G. of I. with a separate letter now.

¹⁵
17/8
(23) I think so. The fact that the Govt. of India sanctioned

64 000/- which included
recurring charges of 4000/-

p.a. implied their
consent to a grant of
4000/- for the latter.

So there is no need to
ask for fresh sanction

provision can be made

the budget up to this

amount. Presumably

there will be no ex-

penditure on recurring

charges in the current

year, as the hospital

is not yet built.

LUC

sl 52

Letter No. T 431, dated 10.7.24
188-10

from The President, Minl. Commⁿ.
C. & S. S. S.

(29)

A copy of a report of The
Minl. Commⁿ's discussions on
the subject is put up at
flag K.

The resolution of The Minl.
Commⁿ. was carried by 8 to 6
votes. Both the President &
the Vice-President had given good
reasons for giving encouragement
to Mr. Chengen, the present
Veterinary Inspector; but the
majority of The Commⁿ seems
to have been guided by Messrs.
Abdul Latif & Rajgopal Moudali
whose opinion was that, even
if Mr. Chengen underwent the
proposed post-graduate course,
that would not make him
fit for taking charge of the new
hospital.

sl 52 The President, in para 2 of
LUC, thinks that the Commⁿ.
might have given Mr. Chengen

a chance of proving his fitness or otherwise by sending him on the proposed deputation and then appointing him for 6 months on probation to hold independent charge of the hospital as suggested by the Standing Committee of the Comm., in consideration of the fact that he has served the Comm. for 13 years & that his work in the temporary has not been unsatisfactory. The President is also of opinion that if during the period of probation Mr. Chengen would were found incompetent he could then be reverted to his present appt. of Slaughter House Supt. The President's suggestions seem to be only reasonable, especially as Mr. Chengen has been in the service of the Comm. for 13 years.

Margin
binding not
to be written
on.

The President, it may be noted, submits the Comm's resolution for favours of orders of the Resident, together with his own opinion but does not say what particular course of action by the Resident he would recommend in the

sec. 168
et seq.

H

circumstances. It does not appear that the Resolution can be negatived under any of the sections in Chapter VIII. (Control) of the Bangalore Mun. Law, 1897. It might ^{however} be possible to take effective action under rule 8 of the budget rules but, without consulting the President, the position is perhaps not sure. If Mr. Austen's views are agreed to, he may perhaps be asked, semi-officially if necessary, what course of action by the President he would suggest.

As regards the Govt's interest in the hospital (apart from the general well-being of the station) it may be stated that a building grant of Rs 64,000 has been given for the hospital from the A. T. revenues and that half the recurring charges are met from these revenues. On the point of recurring charges at

sl 42

203-1912

para 3 of

sl 30

203-12

at
any rate, a little interference
with the liberty of the Muni. Comm.
may not be regarded as
unreasonable. Under sec. 74 of the Bangalore
Muni. Law, it is open to the Resident to prescribe
a limit to the authority of the Comm. in respect
of institutions under its management.

200/-
21.7.24

As the pay proposed for the

(33)

Superintendent of the Veterinary Hospital

is less than Rs 300/- the
appointment can be created by the
Commission under section 20
of the B.M. Law, and there is
no provision of law under which
the Resident can interfere with

the Commission's resolution, except
under section 74 of the B.M. Law. The
~~the saying that the~~ Resolution entails some

hardship on an old servant of the
Commission. He ~~has~~ said to have
run the temporary hospital from 1919
satisfactorily and in fairness may
have been given a chance of proving
his fitness to conduct the new hospital.
It is presumed that the Commission
have satisfied themselves that they
will get a competent man for
Rs 200/. The pay given to Veterinary
officers of gazetted rank in the
Madras Presidency is much more.

Notes-continued

vide page 117 of Madras Civil List;
but the Commission will probably be
satisfied with an inferior man.

$\frac{150}{21/7}$

(31)

As stated in the
foregoing note Mr Austin
has made no definite re-
commendation as to the

LUC.

Letter No. T 431
128-1210, Dated 28.7.24
from the President, Municipal
Comm.

Please see sls 52 + 53 and
LUC; also notes from para. 29
ante.

The President's suggestion
is submitted for orders.

None of the sections
Chapter VIII, Control, (sec. 168-175).

of the Bangalore Municipal
Law, seems to be applicable

to the present case & the Commission's
resolution will have to take effect. A
reference is however invited

to the proviso to sec. 74 which

has already been referred to
at end of para 29 of notes.

Please see from para. 29 ante. There is no doubt
that it lies within the Resident's discretion to take
the action which Mr Austin now suggests in L.U.C.
though I think it is an action which should rarely be
taken since it amounts to a criticism of the

Municipality and is not far removed from a veto, because a hint such as this from the Resident should not ordinarily be disregarded by the Municipal Commission. The question is whether there is sufficient justification in the present instance for taking this course. The reasons for reconsideration are given in para. 3 of sl. 52 and the reasons against are that even if Mr Chengeri is allowed to take his post graduate course he will still not be fit to take charge of the new Veterinary Hospital. Personally I am inclined to think that as Mr Chengeri has been in charge of the temporary hospital for five years without any serious complaint as to his competence, he might be given the chance of proving his fitness to take charge of the larger institution as Mr Austin suggests..

Resd.

M. A. T.
29/2/24

I agree to the main suggestion
reconsideration. I am very
doubtful if the Commⁿ will
get a senior recommended
vet. Graduate for Rs 200.

Notes-continued

Certainly

M

but not his later letter (LVC).

A reference to the latter is
perhaps unnecessary and
may prove inconvenient
to the President who is
likely to place the Resolving
letter in full before the
Commission.

The Govt: of India have not specifically
sanctioned the recurring grant of
Rs. 4000/- for the maintenance of
the Municipal Veterinary Hospital,
but it appears that under rule
62 of the Book of Financial Powers
the Resident can sanction the grant.

If approved the Pay & Account
Officer, Bangalore may be consulted
